## **RECKLESS RIDING.**

**An Aged Man Run Down and Probably Fatally Trampled by a Horse—The Driver Unknown.**

What will unquestionably prove to be a very sad case of death from recklessness and general cussedness, occurred almost in front of the colored school building about 8 o'clock Saturday night.

Mr. John Hubbard, a respected old white man, and who by profession is a gardner, was returning along the Russellville pike to his home, after taking his evening meal at his customary place, and while thus proceeding on foot, a spirited horse at a break neck speed, overtook and knocked him down with such violence that he immediately became unconscious. The unknown man in the buggy made no attempt to pull up, so Mr. Hubbard was afterwards trampled upon by the horse and then the wheels of the buggy passed lengthwise along his prostrate form.

Mr. Hubbard is upwards of eighty years old, and his groans from the pain caused by his injuries were very faint, yet by some kind of good luck Maj. Brandon who chanced to be near, heard them and went to the old gentleman aid. He was found bleeding profusely about the head and body, but could not speak and has never yet recovered consciousness. The unknown driver of the buggy put whip to his horse and kept on out the turnpike even at a greater rate of speed than before, and nobody knows or has any idea who he was. Mr. Hubbard for several years was employed as gardener for Captain P. G. Johnson and bears a most excellent reputation, but in his present condition deserves, and should have the attention of persons that are charitably disposed. This occurrence goes to prove the necessity of having county police stationed between the city limits and the Red river bridges, so that all such violators of the law would at least have a chance of capture before escaping as this unknown did.

## **A Lively Fight.**

Strawberry street showed up in lively colors Saturday afternoon. It appears that Len Dunham and Dr. Jo Murphy quarreled about a debt due for an old gun. Dr. Jo Murphy is a cripple, so his brother, Dr. Will Murphy, took up his trouble. The case was tried to-day before Recorder Bailey, when the testimony of William Bradley, John and Tom Kelly, Joe Martin, William, John and Joe Burney, Henry Powers, Squire Stewart and the police officers were heard. It was proven that Dunham threw rocks, Dr. Will Murphy drew a pistol, and that old man Richard Murphy sailed into the ructure with a knife, and that after much wrangling Officer Ginley took a hand, when the parties were separated and nobody was badly hurt. Dr. Will Murphy afterwards escaped from Ginley, and sought refuge in the loft of Captain Crisman's store, among the cob webs, where Officer Holleman afterwards found and arrested him. After all the testimony was in, Mr. Burney, attorney for the Murphys, pleaded guilty on the part of his clients and asked the mercy of the court. Mr. Bell, attorney for Dunham, argued for his defense, and after reviewing the matter the recorder fined Dr. Murphy \$15 and his father \$10 and costs. Dunham was discharged.

## **A Pretty Wedding.**

Rev. A. D. Sears was called upon Saturday to visit the parlor of the Northington House which he did post haste. There he found in waiting Mr. J. W. Froman and Miss Fannie Froman, quite a youthful couple from Princeton, Ky., who were united in the hold bonds of matrimony in Dr. Sears customary pleasant style. They have returned home to enjoy the realization of their dreams of love.

## **Hello! Prohibitionists.**

The executive committee of the Prohibitionists have concluded to hold a convention at the court-house, this city, at 10 o'clock Tuesday, October 23, which will include delegations from Stewart, Houston, Cheat-ham and Montgomery counties; the object of which will be to nominate a candidate for State Senator, two candidates for Representative and a Floater.

## **Amusements.**

The Basye-Davis Company supported by the charming actress Miss Annie Burton will hold the boards at the Opera House during this entire week. "Dad's Girl" will be the play to-night, with a change of program each evening. The prices will be 25, 35 and 50 cents. This is Miss Burton's third visit to Clarksville and we bespeak for the company good business throughout the week.

## **Evergreen Lodge.**

A visit to Evergreen Lodge discloses surprising improvements there during the summer months. The capacity of the place in the greenhouse has been doubled and the houses completed with all the latest improvements for useful work and handsome appearance. Mr. Morton informs us that his stock of Chrysanthemums is the best he has ever had and comprises new specimens of every one that is known to possess great merit that has as yet been introduced either in Europe or America.

Several ladies from distant points have sent inquiries to know about the dates when they will be in full flower, and one has suggested an excursion of an entire Female School from a neighboring city.

Why could not this be acted upon by citizens of Clarksville and invitations sent out to the different schools in our neighboring towns for pleasant excursion parties? It would place our growing city in very pleasant relations with the ten or fifteen counties around us if we had more frequent visits from them in the way of excursions and their social affairs.

Last year at Memphis and the year before at Nashville the ladies, by a little effort had crowds to come to see the Chrysanthemum show that they induced Mr. Morton to take to their city.

In New York, Boston, Philadelphia, St. Louis and Cincinnati they give exhibitions of flowers, that ladies go in great crowds to see from distant cities, why may not Clarksville create such an interest now that she has the material for the show and only wants an organized effort to attract crowds at whatever dates might be fixed? We have no doubt the railroads would enter heartily into the excursion enterprise at a very low rate for fares. What say some of our enterprising ladies and gentlemen? Let's have the biggest Chrysanthemum show at Clarksville? Ever had in the South. It can be done during the month of November if the effort is made and we get Mr. Morton interested in making the effort here at home.

The Chrysanthemums are just now showing their myriads of buds and will not be ready for an exhibition before 5th to 15th of November.

## **Card of Thanks.**

The reunion of Tennessee Division of Confederate veterans, held in Clarksville on October 14th, was a grand success in every particular. The visiting veterans and visitors were entertained in a manner creditable to the people of Clarksville. Every member of Forbes' Bivouac was highly gratified, and the people generally were well satisfied. The committee having in charge the details of this reunion feel it due themselves, and the people of Clarksville and vicinity, to give an expression of their gratitude. For, however well they planned and worked, they are sensible of the fact that their efforts would have availed but little had they not been so ably seconded by the citizens. Therefore be it

Resolved, by Forbes' Bivouac No. 2, That the grateful thanks of every member of this bivouac are due and hereby tendered to each and every person who aided us in our entertainment, either in money, time, labor or provisions. To the officers and members of Company F, who rendered such efficient aid. To Captain Till Willis, who prepared the seats, tables and stand at the grove. To the Haden brass band and the gentlemen furnishing music at the opera house. Our thanks are especially due for the voluntary aid rendered in making the entertainment a success. Nor should we overlook the gallant Harding Light Artillery, of Nashville, who volunteered their services and materially added to the pleasures of all. And last, but first in our hearts, the ladies of Clarksville and vicinity—both matron and maid—who, with a cheerfulness unsurpassed and a devotion unequalled, gave their time, day and night, at the grove and court house, depriving themselves of the pleasures of the reunion. Words simply fail to express our deep-felt gratitude. Their bright faces and cheering smiles made young the heart of every old, and "I wish I were a boy again" was the sentiment of all. Forbes' Bivouac hereby pledges itself to respond to the call of the noble women of Clarksville at any time and for any purpose.

Resolved, That these resolutions be spread upon the minutes of the bivouac, and a copy be furnished the city papers for publication. P. G. JOHNSON, President. T. D. LUCKETT, Secretary.

## **There was Glory in the Meetinghouse.**

One would have supposed that all the people in the world attended church at Bethel Chapel, near Sango yesterday, if the horses hitched to trees in the woods would have been the gauge to measure by. It is estimated that fully 2,000 persons were present. Rev. Mr. Sullivan of the Cumberland Presbyterian Ministry officiated, and it was expected that Rev. Mr. Adair would be there to assist, but some obstacle was in the way and he failed to arrive. A great deal of interest was manifested in the services, the result of which was that several persons arose and asked for prayer, and their action caused the announcement to be made that the meeting would be protracted one week, and longer if necessary. The grand dinners enjoyed by the vast crowd were indeed luxurious and enjoyable. Everybody should go to Bethel next Sunday.
